## "and we bought 'em both at the same time"

LOOK at us now, Jim. We've been doing the same work. Your overalls are good as new—and mine have gone to pieces.

"What's the answer, Jim?"

"I took a chance when I bought mine—just took the first overall that fitted."

"And you—you looked for an overall that you knew would wear right—be comfortable—look right. You picked Blue Buckles."

"There's heavy work at the U. S. Shipyards. That's why I stick to Blue Buckles. They're sure to give long wear and comfort."

Edward Wilson  
Champion Riveter  
U. S. Shipyards

Long wear is built into every pair of Blue Buckle overalls. They are made of the toughest denim—with road, double stitched seams that don't rip. Every pair is comfortable—lots of room everywhere and extra wide suspenders. First-class workmanship means each detail is right. Blue Buckles have a strong, solid back-band—big reinforced pockets, so arranged you never sit on them, and the best buckles and loops made. Heavy brass buttons are riveted on the cloth.

Be sure what you're getting next time you buy overalls. Ask your dealer for Blue Buckles.

**GRIP, INFLUENZA**  
Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Oil. Wholesome little pink pills, not druggists. Guaranteed.
